### **PHOTOGRAPHER COPYRIGHT AND USE OF YOUR IMAGES:**

Dear Photographer,

1) You own your photos. The images are of us, but you of course ultimately retain the rights to all of your photographs.

2) We encourage public and editorial use of your photos. Whether it be sharing them by linking them to our TCRG Facebook fan page, website or forum, or by showing them to all your friends and family via social media, we're super cool with that.

3) If TCRG would like to use one of your images for whatever reason, we must contact you first to get permission. If TCRG does use one of your images, you will receive full photo credit.

4) You DO NOT have the legal rights to use images from official TCRG events for commercial purposes, including but not limited to stock photography, promotional ads other than TCRG events, etc. without the explicit consent of the league.

5) By accepting and wearing this photographer pass, you are legally agreeing to abide by these guidelines.

**\*NOTE: The above information applies to all photographers with either a 'season pass' or a 'one-bout' pass. This information will be e-mailed to each photographer. Photographers MUST reply to the e-mail to confirm that they are aware of, and accept, these rules and guidelines before they shoot any TCRG event. The reply MUST include the photographer's first and last name. A simple reply with "I, Jane Doe, accept these rules" will suffice.**
